

The Nikkei Internment Memorial Centre National Historic Site

Say **YES** to preserving Nikkei history!

Did you know the Nikkei Internment Memorial Centre (NIMC) is the only National Historic Site in Canada dedicated to preserving and sharing the history of the internment of over 22,000 Japanese Canadians during WWII?

Donations will be allocated to the most critical areas of:

- Conservation and protection of the historic structures on site (roof repairs, fire suppression systems, outdoor displays)
- Museum & archives (repairing exhibits, improving storage areas, developing educational programs, and providing cultural activities)
- Garden and grounds rehabilitation

Thank you for your support!

Your generosity will help to ensure the continued operation of the NIMC for future generations to come.
